

Jing Fang Classical Formulas

4 Day Foundation Course (over 4 weekends)

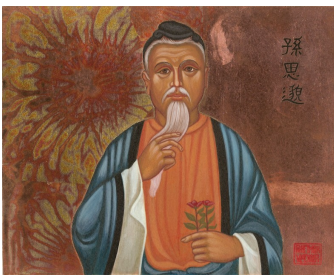

by Dr. Suzanne Robidoux

Weekend 2 23rd - 26th November 2018

Weekend 3 29th November - 2nd December 2018

Weekend 4 22nd - 25th November 2019

Brisbane Australia presented by Paddington Clinic

First modify the patient's diet and lifestyle then and only then, if these do not effect a cure, treat with medicinals and acupuncture.

This course brings a concise understanding of the six syndromes according to Jing Fang (classical Shang Han Za Bing Lun System) and 120 Jing Fang formula patterns.

The foundation course (courses 1- 4) will provide a good grasp of the classical understanding of 120 formula patterns and help practitioners become proficient in the six syndromes diagnosis and clinical application. The foundation course will also bring the classical understanding of over 100 single herbs according to the Jing Fang approach with key points to formula modification and dosages.

In China, there are over 41 different lineages of Zhang Zhong Jing's classical texts recorded by Dr. Wang Qing guo at the Beijing University of Chinese Medicine, confirming the multiple branches of this classical gem. Our lineage of this classical system was kept alive with the teachings of Dr. Feng Shi Lun (冯世伦) who received his knowledge from Professor Hu Xi Shu (胡希恕), which learned from the master eunuch Wang Xiang Wei (王祥微). Generation after generation, this clinical gem was kept alive, while its understanding continued to develop and expand.

Dr. Suzanne Robidoux has spent the last few years in China with Dr. Feng and has done a post doctoral clinical research and published multiple articles while teaching this classical medicine worldwide to deepen clinical understanding. She has

www.paddingtonclinic.com.au

been side by side with the lineage holder for all teachings and has a firm grasp of this lineage. It is fair to say that the richness of this system brings more depth and understandings into the Shang Han Za Bing Lun.

During each of the 4-day classical medicine seminars, we will reach into the depth of this system from the beginning, starting with the two external syndromes, Tai Yang and Shao Yin.

For those who have studied with Dr Robidoux before know she has incredible knowledge and the detail she goes into. Her relaxed lecture style makes learning easy and brings the subjects she covers to life.

For those who haven't studied with Dr Robidoux before this is an amazing opportunity to study with one of the most sort after lectures in the world today. Having her come to Australia to lecture makes this seminar series one not to be missed.

1st Foundation Course - 4 Days

Six Syndrome diagnosis and External Syndromes

Zhang Zhongjing 150 - 219

Day 1:

Build a strong foundation in the six syndromes symptoms analysis and diagnosis including classical pulse according to Zhang Zhong Jing
